Calling all union members and community activists!

Education support workers should not be treated differently than other staff. Contracts for the three education support worker locals expired on December 31, 2010. The board gave themselves and other non-unionized employees in the school division the same 8.63 per cent increase over three years that teachers agreed to, yet are

offering only 6 per cent to support workers. How does this unfair treatment support the school board's goal of equality and organizational inclusion? Education support workers are looking for fairness. Help them send a message to the board by joining the picket before the Regina Public School Board annual general meeting on May 8.

Tuesday, May 8 from 6 – 7 p.m.
Regina Public School Board office, 1600 – 4th Ave

Please join us and have a hotdog on the line. We appreciate your solidarity.
